

What If I Stumble

Is this one for the people?

Is this one for the Lord?

Or do I simply serenade for things I must afford?

You can jumble them together, my conflict still remains

For holiness is calling, in the midst of courting fame

Cause I see the trust in their eyes Though the sky is falling

They need Your love in their lives Compromise is calling

What if I stumble, what if I fall?

What if I lose my step and I make fools of us all?

Will the love continue when my walk becomes a crawl?

What if I stumble, and what if I fall?

Father please forgive me for I cannot compose

The fear that lives within me or the rate at which it grows

If struggle has a purpose on the narrow road You've carved

Why do I dread my trespasses will leave a deadly scar?

Do they see the fear in my eyes? Are they so revealing?

This time I cannot disguise All the doubt I'm feeling

I hear You whispering my name You say

My love for You will never change

never change

Thirsty Life

Standing here I am amazed how far you've brought me

When I look back to days of old

Yet even now my heart is breaking, when I realize

Somehow my love is growing cold

How can I love you more?

How can my first love come again?

(I) Can't go on without you Lord

Only you fill the hunger within

So come oh Lord! My heart is open wide

And my soul is thirsting for your life

Stretch out your hand, and fill me up again

with the love that covers all of my sin

And takes away the pain, loves even through the strife

and brings with it the rain -- to fall on a dry and thirsty life.

Do It Yourself Identity

Intro: Am F G C x4

Am F C G
I am a man of pride, turn my face to the future
Am G F Am F G C
I do pretty well on my own - and of course You've been there too
Am F C G
A heartfelt smile and a compliment and I've got another stone
Am G F Am F G C
to build my self-worth on my own - and I guess You love me too
Am F C G
I'd give anything for this treasure shining right here in my stare
Am F C G
then it falls and I am broken lost and full of fear
Am F C G
but Your voice breaks through my tear-drowned haze
C G
You change my Point of view
Am F G
I am only worth anything because of you
C G F
A smile, and a glint in His eye
C G F
He says to me that I'm His joy and His pride
Am G F Am G Am F G C
and in His strong arms, He'll carry me home
Am F C G
I am a man of pride, fix my eyes on my inside
Am G F Am F G C
I'll walk right past you my friend. . . and I'll say, "I'm on my way to Him"
Am F C G
I'll beg and plead, "open your heart wide," as if I knew how life had hurt you
Am G F Am F G C
My secrets locked and hidden within— you can't tell that I need Him
A Poor shadow of His love am I
Yet I am His indeed
I was a broken, wasted, jar of clay
Yet He has filled my need
Love thinks of you with weeping eyes
and dies to make you new
calls you with His voice, to change your point of view

You Are There (Ps 139)

**You have searched me and You know me
Know when I sit, and when I stand on my feet
You know what I'm thinking— from far away
You hear me even if I don't speak**

**And You are all around me You are behind me and before
Your hand is upon me Your knowledge so much more**

And I can't flee from where You are
Even if I fly to the sky Even if I die. . .**

You are there Even though I can't see
You are there It's with You that I want to be
You are there I know You and I believe**

**If I rise on the wings of the dawn If I settle to the far side of the sea
Even there Your hand will hold me strong, yeah Hold on to me!**

Love of My Life

Words and music by Koa Siu

Higher than the blue sky is my lover's love for me
Stronger than the mighty mountains my lover's arms do hold me
Softer than the sweetest wind my lover does caress
Farther than the distant heavens my love would go to find me

I am pursued, and I am found

And held till fear is a memory

My lover gently wipes my tears

and speaks, "How much I love thee," "How much I love thee"

Deeper than the deepest ocean our eyes are locked to stare
Stronger than the mighty thunder my lover's voice enchants me
Fragrant as the Eden garden I breathe my lover's air
Hotter than the sun's bright fire my heart it burns within me

Take Up My View

G (A) D (E) Em (F#m)
Jesus my God, it's my desire
G (A) C (D)
to be here with you
D (E) G (A)
but somehow my eyes are drawn astray
G (A) D (E) Em (F#m)
Jesus my God, this is my prayer
G (A) C (D)
"Lord, won't you take up my view"
D (E) G (A)
for my soul is longing, longing to stay
(last time: longing for you)

Bm F#m G
I hear you calling amidst all the noise of the world
Bm F#m E
but I can't seem to see you in the crowd
Bm F#m G
I find myself running toward your voice, but I can't make it out
Bm F#m E D
'cause the noise of this world is just too loud

Bm F#m G
(and) Even alone it seems a strain to worship you
Bm F#m E
feels like the song (just) gets in the way
Bm F#m G
But I know that these words are calling my soul back to you
Bm F#m D E
And with all of my heart I will say -- (key change)

Open Hands Song

Words and music by Koa Siu

I wish for one moment that I

Would stop singing just to hear my own voice

And look up into your sky

and be amazed— only amazed

So I could loosen these fists from their grip on my life

and for once let You take me away

Away like a captive sailing into the night

My hands open wide so You could guide me to day

Psalm 130

Words and music by Koa Siu

My soul waits for the Lord

More than darkest despair waits for the morning

My soul hopes in the Lord

For He will surely be faithful to keep to His word

All that He's promised is true

And now, I have finally heard. . .

And now, I have finally heard.
